COOKIE

What are cookies?

A cookie is a file which is downloaded on your PC, tablet, smartphone or other device ("Device") when you access to our website or you use our application.

Cookies allow us to store and retrieve information about your browsing habits or about the device you use to access in general in anonymous and, depending on the information these cookies contain, if you are already registered, to recognize you as a user or customer.

The information we obtain refer to the number of pages you visit, the language you use, the place from which you access, the number of new users, the frequency and repetition of visits, the duration of the visit, the browser or the device with which you are connecting or using the application.

Which cookies does this website use?

Technical Cookies:

The cookies of this type are necessary for the proper functioning of some website areas. Cookies in this category include both persistent cookies and session cookies:

- **Persistent Cookies:** once you close your browser these cookies are not deleted but they remain until a preset deadline
- **Session Cookies:** these cookies are deleted every time you close the browser

Without these cookies, the website or some parts of it may not work correctly. Therefore, the cookies mentioned above are always used, regardless of the user preferences.

The cookies in this category are always sent from our domain.

Third party Cookies

Analysis Cookies of Third-party services:

These cookies are used in order to gather information on the website use by the users in anonymous form such as pages visited, time spent, traffic sources origin, geographic origin, age, gender and interests for the purpose of marketing campaigns. These cookies are sent from third-party domains external to the Website.
